

ITEMS THAT WORK WELL ON OUR TRIPS

VESSI shoes – “100% waterproof breathable shoe that keep your feet dry”.
Pricey but a good choice.

Bass Pro Shops sandals – Inexpensive sandals that are comfortable and can be worn in water. Many of us wear them the entire trip (except for Mt. Sinai hiking) as they have a good tread and dry quickly. Similar styles for men.

RipSkirts – Great wrap skirts in various lengths that dry fast, are comfortable, and can be used over a swimsuit, in churches (if longer length), and look nice.
